

Boris, Soldier

This song is dedicated to the worriers fighting in World War 3

Soldier, soldier
I'm a soldier, soldier
I'm a soldier, soldier, soldier

Tell me mama is it really a shame
I killed somebody with a silver name
I took my pistol and I shot him down
I doubt myself when he fell to the ground

Help me mother, children runnin' around
People kill eachother and they scream real loud
And fire's burning but I feel so cold
I'm 21 but I feel so old

I'm a soldier, soldier
I'm a soldier, soldier
I'm a soldier, soldier, soldier, no

I'm in the middle of a desperate war
People kill eachother and they still want more
Can't believe that I'm still alive
I'm a man on a mission, trained to survive

Mama do they still care about me
Tell them politics to set me free
I'm so tired of playing this game
There aint no glory in a silver name

I'm a soldier, soldier
I'm a soldier, soldier
I'm a soldier, soldier, soldier, no

Oooh, mmmm, oooh

Soldier

Mmm, soldier, soldier, soldier, soldier get your gun

Tell me mama is it really a shame
I killed somebody with a silver name
I took my pistol and I shot him down
I doubt myself when he fell to the ground

Soldier get your gun
You've got to stay alive
I said soldier you must survive
Soldier please stay alive

I'm a soldier
Weeeh weeeh weeeh wah
I'm a soldier
Wooh oooh wooh oooh woohoo

Soldier, soldier
I'm a soldier, soldier, soldier, no
