

# Borys, My Love

If you go, if you go  
If you go I won't believe it  
Do you know, do you know  
Do you know about my feelings

Was it me, was it you  
Was it me to kill the silence  
Was it me, was it you  
I don't wanna loose control

My love  
I want you  
why can't we try  
Oh my love  
How I need you come back to me  
Break it my love  
I want you  
Why can't we try  
Oh my love

Let me say, let me say  
That I'm always gonna love you  
Every night, every day  
Let me be the one to hold you  
Was it me, was it you  
Was it me to kill the silence  
Was it me, was it you  
I don't wanna loose control  
My love  
I want you  
why can't we try  
Oh my love  
How I need you come back to me  
Break it my love  
I want you  
Why can't we try  
Oh my love

In this life that we live  
Some things are meant to be  
If you look you'll find  
If you love me, you can't lie  
My love  
I want you  
why can't we try  
Oh my love  
How I need you come back to me  
Break it my love  
I want you  
Why can't we try  
Oh my love
