

# Boston, Corporate America

(Tom Scholz)

Who can stop de-evolution of the human race?  
Look at you, Corporate America, you're in disgrace  
Globalize; cigarettes, business jets, you love it  
Maximize; but you can take your bottom line and shove it

Gotta get away (gotta get away)  
Gotta get away, but I need a little help tonight  
What 'ya gonna say (what 'ya gonna say)  
What 'ya gonna say when you never even seen the light  
See the light

Corporate America, look out, look out  
Corporate America, who's gonna save us, who's gonna save us now?

You and I; DVDs, SUVs and cyberspace  
Flying blind, virtual reality is in our face  
This Earth desecrated by the human race  
Now what's it worth? When do we evacuate to outer space?

Corporate America, look out, look out  
Corporate America, who's gonna save us, who's gonna save us now?

I see the future in the past  
Just took the corner way too fast, the reckless ride of modern man  
Flattened everything that stands  
Fooled by the sales pitch for progress at a dizzy pace  
We idolize the filthy rich for giving us synthetic taste  
Computer calls, urban sprawl  
Is the world a better place, is the world a better place?

Fare thee well, global extinction's forever  
So what the hell, order your Mercedes in leather  
Veal crates, ozone holes, and toxic waste  
And don't count out religious hate  
Who can survive this manmade fate?

Gotta get away  
Gotta get away, and I need a little help tonight  
What 'ya gonna say  
Wha 'ya gonna say when you couldn't even see the light  
See the light  
Yeah
