

Bow Wow, I Can't Lose

[Intro:]

Haha let's go

Yeah uh uh uh yeah

I know ya'll can hear that

Just need to holla at ya'll for a minute y'kno

Let ya'll know that I'm still here

And I'm gon always be here

Makin these hits after hit

It ain't gon stop

[verse 1:]

I can't lose

I been in this game for too long

Ya'll, I ain't gonna take mine

I'm sayin

I can't lose

I'm the very best

And I'm gon be the very best for a long time and

I can't lose

Ya'll cats just waggin along my tail

Ya'll can't carry my bone

I'm sayin

I can't lose

I'm the top dawg of them all

And you know I'm takin it home

[verse 1:]

Sony plays me when I'm up in the station

All of a sudden they got me up in hot rotation

As soon as I see 'em yeah I act like I they lil brother

But I can't get no sauce on the XXL cover

That's why I call myself the man

Name me one rap cat who sold out Madison Square (Bow Wow)

But Janet Michael

And a couple of rock acts who don't know crap about rap

All these lil rap cats is here because of me

All them bubblegum raps is about to see

Swing on tour

Came up outta the ceiling

Teasin these girls eyes

But they was feelin over this lil rap villain

[chorus]

[verse 2:]

I can't lose

Don't matter who I'm facin

The number one

Under 21 artist in this nation

The rhyme writer

All the young girls like him

Fellas wanna be like him

I got 'em like Pied Piper

Follow my paw print

Whatever ya'll print in the magazines is nonsense

Stop all this

Yakkety yakkin

The fact that nobody rappin

Can stack 'em up to the ceiling

Like 30,000 a building now

You got Jigga, Ja, Nelly, Nas, Eminem, and Kiss

I'm representin for all the kids now

Say that I'm braggin

But no other rapper in my age bracket

Is makin it happen the way that I made it happen

[chorus]

[verse 3:]

You think it's easy don't ya
Wanna be Weezy don't ya
I'm a performer homie
You just take it easy won't ya
From Nickelodeon shows to BET
I'm approachin the podium
Vouchers votin for me
Cuz
I keep it real wit 'em
Everytime I deal wit 'em
They bounced wit me from the start
And I'm still wit 'em
I got the keys to cities I never heard of
And every inner city kid got me turned up
Wit the CD on replay
So the he say she say don't affect me
No way
I go on day to day
And continue to make money
Make music make movies
You can never take this from me

[chorus]

[outro:]

Aww, there you have it
Ladies and Gentlemen
Just had to talk to ya'll for a minute y'know
Spit at the fans

Spit at the people

You know what I'm sayin

Just let them know what's goin on

But uh we gon ride it out like this though

If you know it

Sing it wit me

I can't lose
