

# Bowling For Soup, I Melt With You

Moving forward using all my breath,  
Being friends with you was never second best,  
And I saw the world crashing all around your face,  
Never really knowing it was always mesh and lace.

I'll stop the world and melt with you  
You've seen the difference and it's getting better all the time  
And there's nothing you and I won't do  
I'll stop the world and melt with you

(You should know better) Dream of better lives the kind which never hate  
(You should see) Trapped in a state of imaginary grace  
(You should know better) I made a pilgrimage to save this human's race  
(You should see) Never comprehending a race that's long gone by

(Let's stop the world) I'll stop the world and melt with you  
(Let's stop the world) You've seen the difference and it's getting better all the time  
And there's nothing you and I won't do  
(Let's stop the world) I'll stop the world and melt with you

The future's open wide

I'll stop the world and melt with you  
(I'll stop the world) You've seen some changes and it's getting better all the time  
And there's nothing you and I won't do  
(I'll stop the world) I'll stop the world and melt with you

The future's open wide

I'll stop the world  
I'll stop the world  
I'll stop the world

I'll stop the world and melt with you  
(I'll stop the world) You've seen the difference and it's getting better all the time  
And there's nothing you and I won't do  
(I'll stop the world) I'll stop the world and melt with you

I'll stop the world and melt with you (I'll stop the world and melt with you)  
I'll stop the world and melt with you (I'll stop the world and melt with you)
