

Bowling For Soup, Undertow

Another rollercoaster ride,
We were stuck in overdrive,
You were broken hearted, i was alright,
When i met you.

She tried to ditch me, and i tried to hate her
But we're still here ten breakups later.

I've got this figured out,
But still don't understand her (Woo ooo Woo ooo)
She's like the perfect wave in shark infested sea, (Woo ooo Woo ooo)
When she breaks, she rains down on me,
And I cant catch my breath,
But I wont let her go,
Yes, I feel at home in the undertow.

My friends told me "Man youre gonna crash,
A car like that'll knock you on your ass",
I told them all that they could eat our dust,
And were still truckin on.

She tried to ditch me, and i tried to hate her
But we're still here ten breakups later.

I've got this figured out,
But still don't understand her (Woo ooo Woo ooo)
She's like the perfect wave in shark infested sea, (Woo ooo Woo ooo)
When she breaks, she rains down on me,
And I cant catch my breath,
But I wont let her go,
Yes, I feel at home in the undertow.

Seems like I never win, I never learned how to swim,
I spend my whole life treadin' water,
You got me off of the beach and now Im back in the reef,
You can be my life preserver.
Ba-ba-da-ba [x6] (Woo ooo wooo ooo)

I've got this figured out,
But still don't understand her (Woo ooo Woo ooo)
She's like the perfect wave in shark infested sea, (Woo ooo Woo ooo)
When she breaks, she rains down on me,
And I cant catch my breath,
But I wont let her go,
Yes, I feel at home in the undertow. [x2]

Yes, I feel at home in the undertow.
Yes, I feel at home in the undertow.
