

# Boy George, Big Dark Man (Waiting)

Someone said that love  
Was a double handed glove  
But we need it all the time  
Alice she's got Mark  
Warren's in the dark  
Because his body's superfly  
Me I'm just a sucker  
Waiting for a lover  
Someone with a wicked smile  
What's a boy to do  
What's a girl to do  
What's the point to underline  
Waiting for a big dark man  
She's waiting for a big  
Dark man  
Someone said that sex  
Was a physical contest  
But I don't believe a word  
They say love is cool  
Then they must be fools  
Because of all the things  
I've heard  
Someone said that hippie  
Was a little tripy  
But he is a friend of mine  
Jeremy he throws  
But he might overdose  
If he finds a girl tonite
