

# Boy Hits Car, Boy Hits Car - Daregveda

As I, I put my ear to the grass  
Oh hey, boy  
You better look into your eyes before  
The ray will start taking over your mind  
But when I wrote these thoughts down  
I put your ink before my blood  
I get so scared  
When I am  
About to  
Let myself out!!!... Oh!  
When I let myself out  
And I'm going to sing now

One, Two, Three, Four!

Thinking of things that you all said  
I wonder if you really meant them  
Or was it something  
Just to clear up in your heads  
But when they fight everybody leaves  
And now I am torn off  
But these dreams that seem  
To be eating away at me... Oh!  
They're eating away at me

That's why I'm going to sing now  
Because I can't talk  
I never was able to  
Confide in you  
Was it true  
Confide in you  
Never was able to  
To speak of  
LoveaaaaLove

Are you ready!?  
Are you ready... Go!

I'm going to sing now  
Because I cannot talk  
I never was able to  
I never was able to  
Confide in you!!!!!!
