

Boy Hits Car, Dissillusionment

Why am I here?
Why are you here?
Why are we here?
Can you tell me brother

Why am I here?
Why are you here?
Why are we here?
Can you tell me brother
Tell me, tell me why?

Through the truth, I've found dissillusionment x4

oh, oh.
So get up!

Wheres my mind?
Wheres your mind?
Wheres our minds today?
Oh the colour is startin to fade away

Wheres my mind?
Wheres your mind?
Wheres our minds today?
Oh the colour, colour, colour's gone!
Through the truth, I've found dissillusionment x4

Can you wait , to die?
Can you wait , to die?
To touch me
To wash this pain off!
So get up!
And Rock!

Take my eyes
Cuz something is wrong with our lives

Through the truth, I've found dissillusionment x4
