

Boy Kill Boy, Ivy Parker

Waking to the same sound
This friend of mine
This morning it seems to me
I'm wasting my time

So this fight has just begun
This war she says that I'm scared, of scared of

I try to keep quiet
I try to keep quiet
I try to keep quiet
I try to keep quiet

So this fight has just begun
This war they say that I'm scared of, scared of, scared of, scared of

Maybe we could break down
From time to time
This distance is new to me
This pleasures not mine

So this fight has just begun,
This war she says that I'm scared of, scared of

I try to keep quiet
I try to keep quiet
I try to keep quiet
I try to keep quiet

So this fight has just begun
This war they say that I'm scared of, scared of, scared of, scared of

I try to keep quiet
I try to keep quiet
I try to keep quiet
I try to keep quiet
