Boy Kill Boy, On My Own

Feel the force of the blow Thats the price for getting down Maybe I understand Just because I'm doing fine On my own I'm better off On my own

Feel the cold of my hands Thats the price for moving on Taste the shame on my lips I know I'll do this On my own I'm better off On my own

Chorus Set aside,left behind,says I The final kiss goodnight,my love tears will fall,years will go they say The final kiss goodbye,my love

Wipe the sleep from your eyes The last nights lullabies Its a smack in the face I know,I know you'll do this In your own way

Keep the wolf from the door Spend some time getting well On your own We're better off On our own

Chorus x2
