

Boys Like Girls, CRY

you called me up in pieces tonight
tears were fallen from your pretty eyes, terrified
you said you needed someone to talk to
life backs you in a corner sometimes
frozen under all these city lights, paralyzed
and you don't know how you can pull through
it's gonna be alright
cause i know that it's hard
and i know that it hurts, but i
swear it's getting better all the time
cause i can be your stars
and i can be your moon tonight
and i can be your shoulder wh
en you cry, cry
go ahead and cry
i know that you're feeling broken and scared
feeling like there's no one who really cares
everyone's fake and the world is just too big
and time feels like been running right out
words are flying out of your pretty mouth, settle down
lean on me and rest your eyelids
you know i got you now
cause i know that it's hard
and i know that it hurts, but i
i swear it's getting better all the time
cause i can be your stars
and i can be your moon tonight
and i can be your
shoulder when you cry, cry
go ahead and cry
cause i know that it's hard
and i know that it hurts, but i
i swear it's getting better all the time
cause i can be your stars
and i can be your moon tonight
and i can be your shoulder when you cry
