

Boyz II Men, Rose And A Honeycomb

(Talk) - Mike
The rose

Verse 1 - Nate & Shawn
How I love to smell
She kisses me so well (She kisses)
Unlike anyone I've ever known (You're the best)
Knew there was no other who
Listen it's time up
But I see right now I was deadly wrong (I was wrong)

Scent is ohh so strong
Feel like an animal
'Cause I can smell it through the phone
Soft like silky petals
All over my skin
Still yearning for the honey
That I've been missing (I've been missing)

Chorus
The love I've been waiting for all my life
Has rendered my soul helpless
Whether in bloom or a taste I consume
My rose and a honeycomb (My rose and a honeycomb)
The love I've been waiting for all my life
Has entered my heart with grief
Can't think of a reason
Taste and smell when in season
My rose and a honeycomb

(Talk) - Mike
The honeycomb

Verse 2 - Wanya, Shawn & Nate
Sweet and tantalizing
It just stays on the rising
Everytime her eyes address my name

So hard to keep composure
'Cause she's taking over

Fills my every fantasy

(Tastes just like heaven) Tastes just like heaven
Can't feel my knees
Like my precious rose
She attracts too many bees

(Talk) - Wanya
Sometimes I wish I never knew her

I meant some people knew her
But I need the sticky love that she gives to me

Chorus
The love I've been waiting for all my life
Has rendered my soul helpless
Whether in bloom or a taste I consume
My rose and a honeycomb (my rose and a honeycomb)
The love I've been waiting for all my life (all my life)
Has entered my heart with grief (entered my heart)
Can't think of a reason
Taste and smell when in season
My rose and a honeycomb (honeycomb)

Bridge - Nate, Shawn & Wanya
Oh how I wish I could choose
Be ashamed to fight for love and then lose
So I'll taste as I smell
I can't choose the whole world
My rose or my honeycomb

But if one day I am found
And be forced to let one wear the crown
If we are to do this
Neither one would be missed

My rose and my honeycomb...

Chorus
The love I've been waiting for all my life
Has rendered my soul helpless (so helpless)
Whether in bloom or a taste I consume (whether, my rose)
My rose and a honeycomb (my rose and a honeycomb)
The love I've been waiting for all my life
Has entered my heart with grief (entered my heart)
Can't think of a reason
Taste and smell when in season
My rose and a honeycomb (and a honeycomb)

2nd Bridge - Wanya
She's my rose
She was my rose
See I love loving her
She makes me feel like a man
Oh my honeycomb
Make me feel like a man

Chorus
The love I've been waiting for all my life (she was the sweetest)
Has rendered my soul helpless (thing that God could ever send to a man)
Whether in bloom or a taste I consume
My rose and a honeycomb
The love I've been waiting for all my life (I've been waiting for)
Has entered my heart with grief (entered my heart)
Can't think of a reason
Taste and smell when in season
My rose and a honeycomb (my honeycomb)
