

# Boyz II Men, Step Up

Been working hard everyday  
(9 to 5)  
I need a place to get away  
(where I can feel alive)  
Seems like my drama, it won't ever cease  
(I had to stay away)  
Now it's time to find my inner peace  
(I'm coming out to play)

This will be my night  
I will get up on this floor  
And lose what's left of my mind  
Let the rhythm take control

1 - step on up, let your body go  
'cause I know you wanna do it so  
When you hear the groove  
You've gotta know  
That it's time to make your move  
Just step on up now

This party's got me feeling right, yeah

(I found a place to unwind, oh yeah)  
I'm thinking 'bout myself tonight  
(relax and ease your mind)  
Ain't holdin' back, I'm gonna let it go  
(throw all my cares away, yeah yeah)  
Now I'll be sure to let my feelings flow  
(I'm coming out to play)

This will be my night, yeah  
I'mma get up on this floor  
And lose the last of my mind  
Let the rhythm take control

Repeat 1  
Repeat 1

And you won't turn away  
Gotta get on the floor  
Let's go, before it's too late  
Keep it movin' all night long

Repeat 1 to fade
