

# Boyzone, It's Time

Here at home  
The thoughts racing through my crazy mind  
Trying to figure out  
If I'm loving you this one more time  
And when I got the mail  
It made me close the door just right behind  
On a trail of clothes  
Left lying here  
Thrown across the floor now  
Maybe it's the way this love  
was meant to be  
and maybe it's the only way  
for you and me...

It's time, to say goodbye  
It's time, oh please don't cry girl  
It's time, two reasons why  
It's time, I will never lie to you

You cast your spell  
But the magic has been broken down  
And I'm all packed up  
With empty bottles lying all around  
It's like a flickering flame  
That casts a shadow on the brightest day  
And it does it help to know  
That I feel the same  
And it's gone now

Maybe it's the way this love  
was meant to be  
and maybe it's the only way for you and me...

[repeat CHORUS]
