

# Boyzone, Judgement Day

Someday I know I'll find my way to say  
What makes the world a better place, you say  
My mind is telling me to fight for my rights  
I've learned my lesson done my time  
Someone please just...

Save me  
Help me please don't break me, I pray  
(I pray, I pray)  
It's crazy  
My heart's pounding, save me  
On judgement day, my day

Doomsday I know that I have made mistakes  
I've paid please don't give my soul away  
I'm dreaming of freedom I watch from my window inside  
My pulse and my breathing is what I am needing for life

You've watched me sleepless seen me cry, oh why  
Help me my life is on the line  
Someone please just

Save me  
Help me please don't break me (I pray, I pray)  
It's crazy  
My heart's pounding, save me  
On judgement day, my day

My day  
My day  
My day

My mind is telling me to fight for my rights  
I've learned my lesson done my time  
Someone please just...

Save me  
Help me please don't break me (I pray, I pray)  
It's crazy  
My heart's pounding save me  
On judgement day, my day

Save me  
Help me please don't break me  
My day  
My day  
It's crazy  
My heart's pounding save me  
On judgement day, my day
