BR5-49, Aint Got Time

C. Mead, C. Scruggs

It don't matter if I get my picture on the cover of a magazine
You'll never know that I always try to do things right
It ain't no sweat if I always forget to get caught up in the small town
scene
Cause life's too short and I want to get it straight tonight
Ain't got time ain't got time
I've got to go on living cause I ain't got time to die
The man always preaches that I ain't got Jesus and my soul's got a stain to
clean
There ain't no way to pay to get sanctified
It's no big deal and you know I feel it's real but it can't be seen
Time slips away and that's one thing you can't buy

Ain't got time ain't got time
I've got to go on living cause I ain't got time to die
