

BR5-49, Shes Talking To Someone

(She's Not Talking To Me)

C. Mead, A. Murphy

It's been such a long time since she's talked to me
Out here in this phone booth I'm chilled to my knees
I dial her number and I just can't believe
She's talking to someone
She ain't talking to me

She's talking to someone
She ain't talking to me
And I can't stop crying
Right here in the street

That signal I'm getting brings a monotone plea
She's talking to someone
She ain't talking to me

I fumble for quarters I'm looking for dimes
I can't even buy her she's busy each time
I slam the receiver and I clench my teeth
She's talking to someone
She ain't talking to me
