

# Bracia, Devil in disguise

Get up my lady and turn up the music  
Cause i love the way you move  
I went insane when last time you did it  
Oh can you feel the groove?  
Oh can you feel the grove?

Ref.

You've taken me higher  
Left me breathles  
You're a devil in disguise  
Moving like thunder  
Strike like lighting  
You've got fire in you're eyes  
2.I feel the heat when you move on the rhythm  
It takes me breath away  
Now I have found my way of living  
I wanna be your slave  
I just to be your slave!

Ref.

You've taken me higher  
Left me breathles  
You're a devil in disguise  
Moving like thunder  
Strike like lighting  
You've got fire in you're eyes...
