

# Bracket, Girl From Marin

Daddy's girl is shopping for a perfect day  
And her words are full of empty things to say  
She just can't smile, it's out of style  
It's been that way for quite a while  
Everyone is telling me I'll never win,  
If I fall in love with a girl from Marin.

Daddy's girl has overflowing confidence  
And her world is filling up with empty friends  
She just can't smile, it's out of style  
It's been that way for quite a while  
Everyone is telling me I'll never win,  
If I fall in love with a girl from Marin.

Daddy's girl is growing colder everyday  
And our worlds are never gonna be the same  
She just can't smile, it's out of style  
It's been that way for quite a while  
Everyone is telling me I'll never win,  
If I fall in love again.
