

# Bracket, My Stepson

My stepson has a gun  
He shows me who number one  
He aware of my welfare  
He tells me he doesn't care

He never listened to me  
He turned his mom against me  
I think he needs therapy

He was young, he was small  
I showed him I knew it all

It hurt him more than it hurt me  
He lives in a penitentiary  
Which one of us is more guilty
