

# Brad Paisley, Behind The Clouds

When you're feeling lonely, lost and let down  
Seems like those dark skies are following you around  
And life's just one big shade of gray  
You wonder if you'll see the light of day

{chorus}

Behind the clouds, the sun is shining  
Believe me even though you can't quite make it out  
You may not see the silver lining  
But there's a big blue sky waiting right behind the clouds

I've heard it said that this too shall pass  
Good times or bad times, neither one lasts  
But thinking that your luck won't ever change  
Is like thinking it won't ever stop once it starts to rain

{chorus}

Behind the clouds, the sun is shining  
Believe me even though you can't quite make it out  
You may not see the silver lining  
But there's a big blue sky waiting just behind the clouds  
Yeah, there's a big blue sky waiting right behind the clouds
