

Brad Paisley, College W/ Pat Green

Pat Green:

We were just dumb kids
With a six-pack
That a bad fake ID bought
Sittin' on the living room couch
Hopin' that we didn't get caught

Brad Paisley:

And when we did
My dad
Had some good advice for me
He said son there's a time and place
For just about everything
It's called college

Brad Paisley:

Next thing I know
I'm packin' up
And hey I'm out of here
A back seat full of clothes
In my old Cavalier

Pat Green:

There was empty
Pizza boxes
Stacked up around the room
A couple of beers on a Tuesday
And one in the afternoon
Hey college

Chorus 1

Brad Paisley:

Those were the best days of my life
I found my friends, myself, and my wife

Pat Green:

I learned almost everything that I know
Without ever gainin' knowledge

Brad Paisley:

In college

Both:

Yeah, yeah, yeah

Brad Paisley:

In college

Both:

Yeah, yeah, yeah

Brad Paisley:

I had such a good time
In those four years
That I stretched it into six

Pat Green:

And I'd like to thank "Ole George's Bar"
For the classes that I missed

Brad Paisley:

I was searchin'
For the meaning of life
When I saw her walk my way

Pat Green:
And there wasn't no doubt in my mind
That it wasn't 'bout a GPA
