ANNA: Everything is over now - I can't help you
He took control of all we had - Now there's nothing
Everything is over now - It's all gone
You saved me from all my fears
You're the one I wanted, the one I longed for
All that I've been dreaming of

Oh, my baby now it's gone
Oh, my lover now you're gone gone gone

ALL: There must be more to life than this
There must be something I have missed
There must be more to life than this
There must be something I have missed
There must be more to life than this
There must be something I have missed...
