

# Brandon Heath, Sore Eyes

Your down all the way down  
Can't shake the feeling

I know you know that I know  
You got your reasons

Sore eyes what's up with that face  
Maybe well trace these lines  
Back to fine  
I'm sure  
You've been here before  
Sore eyes  
Such a sight to see  
If I can bring that light  
Back to your eyes to stay  
What would you say  
What do you say
