

Brandy, Camouflage

I'm a work in progress
I'm a seed grown into a flower
I'm a storm that's rising
Getting stronger with every hour
And god knows I ain't perfect
Tell me who in the world is
All I know is that I'm searching
For somebody to love me with

These flaws I've got
There all apart of who I am
Take me, all night
That I finally understand
I'm so done trying to be everything you want
When I have to stop
Because baby you ain't worth it
I've got to Camouflage
For love, for love
No I won't Camouflage
For love, for love
I won't Camouflage

I need a lot of improvement
Not even half way to destiny
But I'm a train that's moving
And everyday I'm picking up speed
And god knows you ain't perfect
So who are you to put pressure on me
That's why I'm still searching
For somebody to love me with

These flaws I've got
There all apart of who I am
Take me, all night
That I finally understand
I'm so done trying to be everything you want
When I have to stop
Because baby you ain't worth it
I've got to Camouflage
For love, for love
No I won't Camouflage
For love, for love
I won't Camouflage

I've learNed from my mistakes
The only wAy you're gonna be happy
Is if someone's down to Take
Here when it's good and it's bad you see
I tried giving hAlf of me
In the eNd I came up empty
And that's why I'm searching yeah
For somebody to love me with these flaws

These flaws I've got
There all apart of who I am
Take me, all night
That I finally understand
I'm so done trying to be everything you want
When I have to stop
Because baby you ain't worth it
I've got to Camouflage
These flaws I've got
There all apart of who I am
Take me, all night

That I finally understand
I'm so done trying to be everything you want
When I have to stop
Because baby you ain't worth it
I've got to Camouflage
For love, for love
No I won't Camouflage
For love, for love
I won't Camouflage
I can't Camouflage

Because baby you ain't worth it
If I have to camouflage
Baby you ain't worth it
If I have to camouflage
