And Joe Crack's love exceeds the measures, come on

[Brandy]

Boy, I saw you soon as you came bouncin through the door  
You and your mans and them just look over the floor  
Started doin your thing and it made me notice you even more  
The way, you turned around and looked at me it seemed as though  
You must've somehow felt me starin on the low  
Somethin tells me your the kind of guy I'd like to get to know

[Chorus: Brandy]

I ain't even gonna front, I ain't even gonna lie  
Since you walked up in the club, I've been givin you the eye  
We can dance if you want, get it crackin if you like  
Must be a full moon feel like one of those nights

[Verse 2: Brandy]

Why, is this the first time that I'm seein you around  
Could you be visiting or are you new in town  
Yeah whatever the case I'm feelin you right here and right now  
Your smile, and all the love you showin lets me know that you  
Like what you see and wanna get to know me too  
This could very well be the start of something special happy that I met you

[Chorus: Brandy]

I ain't even gonna front (Baby)

[Bridge: Brandy]

I didn't think that I'd come here tonight  
Meet someone like you, start feeling the way I do  
Seems like we've known each other most of our lives  
After one conversation, this must be right

[Verse 3: Fat Joe]

Move kid, get out the way with the bullshit, here comes Jose  
It's a full moon out tonight the don is here  
And everybody lookin like they don't belong in here  
Where he come from why his hat so low?

How he pop so many bottles he must have some dough  
But probably look good it's shitty from the hood  
If fair by the looks he must bought some bricks  
What's love gotta do with a little menage?  
We could take it outside on the hood of the car  
Damn girl I ain't know what you was capable of  
But by the moves I can tell you had to date a few thugs, what!

[Brandy]

(Oh...whoa...) Get it crackin if you like  
(Oh...whoa...) It must be a full moon  
(Oh...whoa...) Feel like one of those nights
