

# Brandy, I'm Yours

How can I let you know  
How much you mean to me  
I know sometimes you wonder why  
Are you the one that I need  
As sure as I breathe  
You are the one for me  
And I want you to know

[CHORUS:]

You fill my heart with love  
My tears with joy  
And now and forever  
I'm yours  
With everything you do  
Makes my dreams come true  
With all of my heart  
I'm yours

I think about you all the time  
You're always on my mind  
The thought of you brings happiness  
Inside I know that I am yours  
But there's so much more to say  
There's something that I got to tell you  
So you know that I care, baby

[REPEAT CHORUS]

When I think about you, baby  
Joy comes over me  
And when I close my eyes boy  
Your face is all I see  
Your eyes tell me that I'm yours  
And there's something that I got to tell you  
So you know that I care

[REPEAT CHORUS x2]
