

Brandy, Right Here (Departed)

When your life is going too fast
Off the train tracks
I can slow it down
Just when you think you 'bout to turn back
Scared you might crash
I'll be your ground

When you feel your heart's guarded
When you see the break has started
When the clouds have all departed
You'll be right here with me
When the tears have dried from cryin'
And the world has turned to silent
When the clouds have all departed
You'll be right here with me

I'll be right here with you
You'll be right here with me

When you're so trapped and there's just no key
And you can't breathe
I'll breathe for you
The fire's got you down on both knees
And the walls are closing in but
I'll be breakin' through

And when you feel alone
Ima be ya home
When others come and go
Ya know I got you

When you feel your heart's guarded
When you see the break has started
When the clouds have all departed
You'll be right here with me
When the tears have dried from cryin'
And the world has turned to silent
When the clouds have all departed
You'll be right here with me

I will be there right beside you every step you take
I will be your strength your shelter shield you from the rain

When you feel

When you feel your heart's guarded
When you see the break has started
When the clouds have all departed
You'll be right here with me
When the tears have dried from cryin'
And the world has turned to silent
When the clouds have all departed
You'll be right here with me

I'll be right here with you
You'll be right here with me
