

# Brandy, Tomorrow

If you would only treat me right  
I'd stay here by your side  
But I am down to my last cry  
So I'm leaving you goodbye  
You turned away from opportunities  
To sit and talk things through  
But now when I say I'm leaving you  
You have so much to prove

So long to all my pain  
Good night to my heartache  
Goodbye sorrow  
I won't cry no more  
I'm leaving tomorrow

Stop writing me sweet letters and  
Calling me on the phone  
We argued constantly when I saw you  
Always left me in the cold  
I made the choice to finally go  
Cause I can't stand this pain  
It's time for my last tear to fall  
And me to smile again

Sorrows and heartache goodbye  
I'm leaving you  
Don't wanna meet again  
Has got to be the end  
The end

The sun will finally shine on me  
And clouds will drift away  
There's something that's in store in me  
That's my brighter day

Now I just can't wait  
Tomorrow's too late  
I'm leaving you today
