

# Brandy, U Don't Know Me

How could you lie to me  
After all we've been through  
It's just so sad to see  
Me in love with you  
I gave you all of me  
But still it wasn't enough for you  
Is this how love supposed to be  
Now I'm trying to get over you

You ain't missin' me  
You won't pick up the phone and call  
You don't love me  
Like you used to  
Tell me what is going on  
You got me standing here alone  
You don't know me  
Like you used to

Remember what you said  
When you stepped up on the scene  
You got into my head  
Had me stressin' like a feen  
No I just can't forget  
How you put that thing on me  
I wish we never met  
This way I won't be lonely

You ain't missin' me at all  
You won't pick up the phone and call  
You don't love me  
Like you used to  
Tell me what is going on  
You got me standin' here alone  
You don't know me  
Like you used to

You don't know me  
Know me like you used to  
You don't know me

You ain't missin' me at all  
You won't pick up the phone and call  
You don't love me  
Like you used to  
Tell me what is going on  
You got me standin' here alone  
You don't know me  
Like you used to
