

Bratz, Look Closer

If you're wonderin'
Check it out again,
Take another look,
To know what's real,
What is real...

Thing you think you see,
Are not what they appear to be,
The beauty underneath,
So concealed, will be revealed...

Look closer,
Becomes clear,
Nothing's the way it seems,
Look closer,
There's more there,
Take time to really see...

Look closer...

In between the lines,
More than meets the eye,
Take another look,
And see what's there,
What is there...

What is truly real,
Is sometimes concealed,
The beauty underneath,
Is everywhere, beyond compare...

Look closer,
Becomes clear,
Nothing's the way it seems,
Look closer,
There's more there,
Take time to really see...

Look closer,
Becomes clear,
Nothing's the way it seems,
Look closer,
There's more there,
Take time to really see...

Everything we think is one thing,
Isn't always just what it seems,
Is it now... take a look around,
Looking closer, that's when you see,
Everything has so much beauty underneath,
When we open up our eyes...

Look closer,
There's more there,
Look closer...

Look closer,
Becomes clear,
Nothing's the way it seems,
Look closer,
There's more there,
Take time to really see...

Look closer...
