

Bratz, Who I Am

Tell you about a city girl
shes suprising
you never get the better
so totally amazing
dont worry about nothing
she just gotta be free, yeah
so dont you, dont you
try to mess with me

CHORUS
they cant tame us
so they blame us
for everything

so I say hey
people dont know who I am
all they can say
shes a bad girl
but they just dont understand
no they dont know who I am
thats right

burst my bubble
just try, why dont you
it dont matter anyway
im putting up a great show
moving on up
and it feels so right
speeding in the fast lane
that is my vibe

CHORUS
they cant tame us
so they blame us
for everything

hey
people dont know who I am
all the can say
she's a bad girl
but they just dont understand
no they dont know who I am
no no

I hear knocking at my door
I turn the stereo up some more
but what can you do
when they blame it all on you

CHORUS
hey
people dont know who I am
all they can say
she's a bad girl
but they just dont understand
no they dont know who I am
no no
