

# Brave Saint Saturn, Independence Day

You're biting your lip now  
I know, 'cause you do it all the time  
You're blinking your eyes hard  
I know, 'cause you used to be mine

Strong and resilient,  
Beautiful and brilliant  
Proving that you're free  
Independently

You say  
You still love me  
But I'm your own worst enemy

Chorus:  
Independence Day, second of May  
Lost my best friend, and a fiancé  
So I will hold this candle high  
Independence Day, nothing I could say  
Would sway you not to sever ties  
Your liberty can't rest on lies

Francisco Goya  
Painted it gay  
I'd rather have been shot  
On the Third of May

Freedom never came for free  
Patriots are bleeding their veins clean  
That's me in the corner singing, "God save the Queen"  
"God save the Queen"

Chorus

I can think of  
Better synonyms for fear  
Hope your life is great  
I hope it's been a wonderful year

Waiting every day  
Staring at the phone  
Jesus Christ  
I feel so empty and alone

Chorus
