Life is beautiful  
Yo this girl tried to play me thow .. so I had to ya know ..  
I had to do my thing to step it up  
Get right with a new one ..  
Now I'm feeling alright so everythings all good

(Chorus: Jully Black)

(It's alrightttttt)

Nothing ever gonna nothings ever gonna come between me and you  
Baby I just got to let you know (Knowwww)  
Nothing ever gonna nothings ever gonna come between me and you  
I promise you the sun moon and stars

(Verse 1: Jungle)

We used to meet at the motel  
Heart break hotel  
Body hypnotic exotic as hell  
Got a nigga in a spell  
She from my dreams  
Girl taste good like carvelle ice cream  
A few tatoo's on her butter soft skin  
I gave my support when she had that abortion  
Remember I could make you warm in the winter  
Buy you a mink coat every december  
And laugh and joke about the shit we been threw  
Then you open your legs and say be gentle  
I'll try I can see they spark in your eyes  
It's gonna be fireworks like the fourth of july  
Untouchable, unbreakable, intimate, multiple orgasms .. when I be rippin it  
Your favorite positions, neighbours be listening, hating and wishing that  
our relationship end  
But you my brave girl

(Chorus: Jully Black)

(Verse 2: Wiz)

Now let me tell you what I am here to do  
My baby girl is stuck stupid looking misserable ma keep your head up  
Cause ma I'm right here let's do the damn thing girl it can't be love  
Cause I be waiting a minute for your walk by  
Listen I'm lifting your legs up in the air my only vision  
While I'm stroking thinking about money and smoking  
Hoping we could do this again and again and again and again yo  
I feel your pain I'm leaving your mouth dry your man can't do this ma he to lame  
Keep him of your brain  
While you let me do me on you drove off as soon as I came  
It was evident shorty talking celebent never this I am not reverend do you

The time is now or never shortyyy screaming and yelling  
Yo calm down and let my comrad tell it

(Verse 3: Nas - singing)

Girl you look so sweet (so sweet girl)  
But that is what you are (what you are baby)  
And no one comes between (nobody)  
Never some moon and stars (that's right)
