

# Brazilian Girls, Ships In The Night

Now that your leave is over  
Let's down our drinks and say goodnight  
to this illusion

Bell-bottom Casanova  
The silhouettes that pass us by

Are ships in the night  
Ships in the night,  
in the night, in the night

When you alight, mein Lieber  
Whether it's Hamburg or New York  
I'll still be sleeping

Look in your wallet all you'll find  
A little note I've left behind  
Oh, I hope you don't mind

Were Ships in the night  
Ships in the night  
Ships in the night,  
in the night
