Breaking Benjamin, Wish I May

Shove me under you again I can't wait for this to end Sober, empty in the head I know I can never win!

Why should I have to wait I'll just look the other way
We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend!

I can see you suffocate I can find no other way Try to make you saturate I can be your enemy!

Why should I have to wait I'll just look the other way
We left this land of shiny lights
I wish I may, I wish I might
When all these dreams have come to end
You wish you were, you're not my friend!

Woah no

We left this land of shiny lights I wish I may, I wish I might When all these dreams have come to end You wish you were, you're not my friend!

You said you'd love To see the end The long hard road That I have been

When all these dreams have come to end You wish you were, you're not my friend!

Blind eyes shine through
