

Breaking The Silence, Stand

I will trust in you
To take me from my pain every day
Will I cast my fear
Into your arms of love every day
Heal me from the scars of life
Breathe in me newness of life
Save me from the sins of man
Pick me up so I can stand
Will I live for You
To only do Your will every day
Will I let You lead
Take me through the path every day
Heal me from the scars of life
Breathe in me newness of life
Save me from the sins of man
Pick me up so I can stand
Heal me from the scars of life
Breathe in me newness of life
Save me from the sins of man
Pick me up so I can stand
