

Brettell, Roes R Res

Roses are red
And so is my heart,
I wanna be with you
I hope we never part.

I love your beautiful eyes
They make me smile all the time,
I know that I'm yours
And I wish you were mine.

You are always on my mind
I think of you all day,
I wish I had the guts
To open-up and say;

I wanna hold your hand
Wanna feel your touch,
I wanna be with you
I love you so much.
