Brettell, Roes R Res

Roses are red And so is my heart, I wanna be with you I hope we never part.

I love your beautiful eyes They make me smile all the time, I know that I'm yours And I wish you were mine.

You are always on my mind I think of you all day, I wish I had the guts To open-up and say;

I wanna hold your hand Wanna feel your touch, I wanna be with you I love you so much.
