

Brian Jonestown Massacre, Sue

i know a girl, her name is sue
she says she really digs making love to you
here she comes

all alone she lives on my street
no jacket on her back or shoes on her feet
and it's cool

she tries so hard to stop her pain
as she sticks a dirty needle in to her vein
here we go

i am so sorry, what i did to you
i didn't mean to hurt you, no, little sue
(it's okay)
