

# Brian May, I'm Scared

(Brian May)

You take me to the party  
You put me on the stand  
You're pumpin' up my heart  
To the beatin' of the band  
You toss it in the air  
And you don't care where it lands  
You take it - you break it  
You're hurtin' me  
Because I wasn't prepared  
I couldn't go where you dared  
You got my whole soul bared  
I never knew that you cared (No it just ain't fair)

I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (so scared)  
I'm scared I'm scared I'm scared I'm scared I'm scared

You take me out to dinner  
And you swallow me whole  
You're nothin' but a sinner  
With a dark black soul  
I figured I could handle you  
But I'm just a toy  
You're gettin' bolder and bolder  
You're just a bad bad boy

Because I wasn't prepared (I'm scared I'm scared)  
I couldn't go where you dared (I'm scared I'm scared)  
You got my whole soul bared (I'm so so scared)  
I never knew that you cared (yeah yeah yeah)

I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (so scared)  
I'm scared (afraid)  
I'm scared I'm scared I'm scared I'm scared I'm scared

What you starin' at  
You're such a scaredy cat  
When I know that I just can't fight it  
So what you starin' at  
You're such a scaredy cat  
'Cos I'm only scared that maybe I might like it

I'm scared to move, I'm scared of standing still  
I'm scared to change, I'm scared to stay the same  
I'm so scared I want to die  
I'm scared of dying  
I'm scared of not being liked, not being loved  
I'm scared to be alone  
I'm scared of being with people  
I'm scared of disapproval  
I'm scared of life  
I'm scared to lose what I have built  
I'm scared of feeling scared  
I'm scared of being ugly, being boring, being dull  
I'm scared of my thoughts  
I'm scared of being found out  
I'm scared of Steven Berkoff  
I'm scared to dance, I'm scared to speak, to sing

I'm scared my body's awkward, the wrong shape, wrong smell  
I'm scared to say what I think  
I'm scared to say no, or yes too often  
I'm scared of disappointing  
I'm scared of losing control  
I'm scared of pain  
I'm scared of hurting, being hurt  
I'm scared this will go on til I die  
I'm scared of losing my home, my love, my kids, my kids, my kids  
I'm scared my heart will break  
I'm scared of losing myself  
I'm scared of finding myself  
Because there might be no-one there at all  
I'm scared of the unknown future  
I'm scared to make a wrong turn  
I'm scared of the dark  
I'm scared of failing  
I'm scared it may all be for nothing

You take me to the limit  
You take me to the brink  
You left me with the blues  
When you found me in the pink  
You know just what you're saying  
But your metaphors stink  
I gotta lick it, or stick it  
Or this is the end

Because I wasn't prepared (because)  
I couldn't go where you dared (cos I'm)  
You got my whole soul bared (because I'm so)  
I never knew that you cared (I'm scared)

(I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared I'm scared I'm scared I'm scared I'm scared

I'm scared (I'm scared)  
I'm scared (I'm scared)  
So scared (I'm scared)  
So scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared (I'm scared)  
I'm scared I'm scared I'm scared I'm scared I'm scared  
I'm scared  
I'm scared  
I'm scared
