

Brian McKnight, U Turn

(Rap)Momee you got a minute
Just wanted to say
I love the way your linen
Is huggin your hips
One dimple when you're grinnin'
No pretendin'
I'm here to put my bid in
For real,that's no kiddin
Complex fantasy thoughts are forbidden
Let's save those playful thoughts
For the children
Six John,Mr.Mcknight is about business

(Brian)She's super fly but she don't know it
She might be mad but she don't show it
She stands alone above the rest
She makes me proud
Stick out my chest
She has a life but she don't tell it

I wanna be loved
I wanna be right
I wanna lay up
With the same somebody everynight
I wanna be one
I wanna be real
I want someone who feels
The same way that I feel

Chorus:I'm looking for a u turn girl
From up around the way
U turn girl
Everynight and everyday
U turn girl
With attitude and personality
U turn girl
Sounds good to me

(Rap)Yo,I double back
Three hundred an sixty degree spinnin'
Do a smooth steerin'wheel
One finga in it
Nineteen's a tuck
Twenty's a rub
Twenty-one's all night luxury
It's more than enough
Pull up
What up
Your body kept it up
I never went Hollywood
Just stepped it up
So what I speak
You should see
It is true
Say she love the medina
But never seen 'em in blue

(Brian)She'll make me work
But not that hard
I might just let her drive my car
Cause she won't go disrespectin' me
She'll be my Queen what come what be
She'll be the one I give my all

I wanna be loved
I wanna be right
I wanna lay up
With the same somebody everynight
I wanna be one
I wanna be real
I want someone who feels
The same way that I feel

Chorus:I'm looking for a u turn girl
From up around the way
U turn girl
Everynight and everyday
U turn girl
With attitude and personality
U turn girl
Sounds good to me

(Rap)Slow down rock,you killin 'em
I think I'm ready to wake up with the same somebody
So when they ask in the interviews,I can name somebody
I used to gain some hotties
And get right without gettin' the names from hotties
But I'm bustin' a u-turn out the playa lane
Still struttin smooth without the playa kane
A Fabolous and Brian Mcknight connection
Two brothers that's drivin' in the right direction

Chorus:I'm looking for a u turn girl
From up around the way
U turn girl
Everynight and everyday
U turn girl
With attitude and personality
U turn girl
Sounds good to me,good to me,good to me

Chorus:I'm looking for a u turn girl
From up around the way
U turn girl
Everynight and everyday
U turn girl
With attitude and personality
U turn girl
Sounds good to me,good to me,good to me
