Brian Setzer, Thing About You

She's got thing about you
Well take it from someone who knows and tries to track you down
And when he finds the girl he's gonna do you wrong
He knows the way you move
The way you smile
He feels the way I do about you
He's got a thing about you, take it from me
He just can't live without you
He's got a thing about
I want to set you free
But I think there's a fire still burnin" thats the trouble with you
You're always gettin' burned but it never scars
He knows the way you move
The way you smile
I feel the way he does about you
He's got a thing about you, take it from me

He just can't live without you
He's got a thing about you

You wanna do what's right
Well thats what you tell all your friends but can you trust who you run to
Well you don't even know what's right for you
I know the way you move
The way you smile
I feel the way he does about you
I've got a thing about you, take it from me
I just can't live without you
I got a thing about you
I got a thing about you
Take it from me
I just can't live without you
I got a thing about you
