

# Brian Wilson, Sunshine

Dum dum dum be dum be doo  
Dum dum dum be dum be doo  
Dum dum dum be dum be doo  
Dum dum dum be dum be doo

With a smile she brings me light  
She can make my whole world bright  
She brings out the sun at night  
She's my sunshine

Life would be full (???)  
Sailing on the sea  
In a boat  
Just a (???) knee  
And propose  
That she'll be my only one

She can make you feel so fine  
Like to love her all the time  
It's the reason I'm a-pleasin' my sunshine

Some-a-day I'm  
Gonna marry her  
Some-a-way I'm  
Gonna carry her  
To a place where we can play in the sun

Like a full moon shinin' bright  
She'll light up the darkest night  
Will she squeeze me  
How she'll please me  
Sunshine

Some-a-day I'm  
Gonna marry her  
Some-a-way I'm  
Gonna carry her  
To a place where we can play in the sun

Never felt a kiss so sweet  
Never could I ever meet  
Someone even half as sweet as my  
Sunshine

Some-a-day I'm  
Gonna marry her  
Some-a-way I'm  
Gonna carry her  
To a place where we can play in the sun

Dum dum dum be dum be do  
Dum dum dum be dum be do
