Bridgit Mendler, Undateable

Oh for whatever reason
each time I see him
it goes all wrong
like when I'm at the shower
wet hair and power put t-shirt on.

If you told me what you want
Oh I bet that I'm a good fit
Call me at the wrong time
'Cause every time I lose it

No doubt, I got no game
my friends
they'are all the same
(undateable)
you can't loose, if you never try,
that's why me and you
we're undateable for life,
we're undateable for life.

This world is first impressions
The first twoseconds are all you got
This time I wasn't honest but
Honest promise, I'm all you want
If you tell me what you like
Oh I bet that I'm a good fit
Call me at the wrong time
'Cause every time I lose it

No doubt I got no game
My friends, they are the same
(Undateable)
You can't lose if you never try
That's why me,
and you
We're undateable for life
(Undateable, undateable)
We're undateable for life
(Undateable, undateable)
We're undateable for life

"I met a girl online on Instagram
She was out of my league so I was a fan
Till I took her on a date and things quickly changed
Turns out she has no brain
She would talk about her yorkie and how she's the best
And how all of her exes could flex and have sex
So I started to drink so I wouldn't get pissed
Because if I got drunk I'd be shallowing into it
(Don't look at me like that Ron)
(Yeah yeaaaaah!)

No doubt, I got no game
My friends, they're all the same
(Undateable)
You can't lose if you never try
That's why me and you
We're undateable for life
(Undateable)

No doubt I got no game
My friends, they're all the same
(Undateable)
You can't lose if you never try

That's why me and you
We're undateable for life
(Undateable, undateable)
We're undateable for life
Undateable, undateable
We're undateable for life
