

Brie Larson, Skywest And Crooked

You left me without a good-bye
You didn't try to sleep while momma cried
Life can be so wicked
When it all goes skywest & crooked
I've got gravity to keep my feet on the ground
I've got plenty of stars to wish upon
And though I can't change what's already been done
It's okay, 'coz the sun shines on everyone
Did you ever have some holes to fill
You've got your emptiness by your own freewill
Memories of you no longer vivid
'Coz you went off skywest & crooked
I've got gravity to keep my feet on the ground
I've got plenty of stars to wish upon
And though I can't change what's already been done
It's okay, 'coz the sun shines on everyone
Did you think your choice to be free
Would mean missing out on seeing me
Become the woman I was meant to be
I've got gravity to keep my feet on the ground
I've got plenty of stars to wish upon
And though I can't change what's already been done
It's okay, 'coz the sun shines on everyone
I've got gravity to keep my feet on the ground
I've got plenty of road to walk upon
And though I can't change what's already been done
It's okay, 'coz the sun shines on everyone
I've got gravity to keep my feet on the ground
I've got plenty of people to love upon
I know I can't change what's already been done
It's okay, 'coz the sun shines on everyone
