

Bring Me The Horizon, AmEN! ft. Lil Uzi Vert, Dan

I hope you have fun
Rotting in hell!
Swim the witch
Slay the infidel!
(Suck a dick heretic!)
I hate you!
& I'd like to see you
Burn, burn, burn!

So tell all your friends
This is the end of everything!
Too late to repent
The wicked will reap what
they sow!
We will sanctify!
(Rise my brethren)
Purify!
(Purge out the sin)
Rejoice in their sorrow and sing!
All hail nex gen!
Can I get an amen?

Somebody call the exorcist!
This is Hersey,
The child is possessed!
(Subjugate the apostate!)
Don't you know
you're so six six sick!

Yeah,
You fanatics
Prey on me
Hate on me
Patiently waiting
To watch me bleed
Get your head from out of my ass
Got me feeling like a human centipede
Just let me breathe
Stay the fuck away from me
I don't really want me
As my own enemy

So tell all your friends
This is the end of everything!
Too late to repent
We'll bathe in the blood of the damned
We will sanctify!
(Rise my brethren)
Purify!
(Purge out the sin)
Rejoice in their sorrow and
sing
All hail nex gen!
Can I get an amen?

Just let me suffer
(Just let me breathe)
Just let me suffer
(Suffer in peace)
Just let me suffer
(Just let me breathe)
Oh Just let me...
Just let me suffer!
Just let me breathe!

Just let me suffer!
Suffer in peace!
(I'm about to lose control)
Fallen from grace
Corrupted our faith
Foul renegade
(I'm about to lose control)
Thou will be done!
Til kingdom come!
No absolution!

So tell all your friends
This is the end of everything
Too late to repent
The wicked will reap what they sow!
We will sanctify!
(Rise my brethren)
Purify!
(Purge out the sin)
Rejoice in their sorrow and sing
All hail nex gen!
Can I get an amen?

I execute judgment on you!
You wicked demon!
You burn in hell!
You burn in hell!
It's over!
