Britney Spears, (I've Just Begun) Havin' My Fun

Here is a little story that I made up So Let's make believe Four years ago I had a party that was too much fun for me Boy there's a sexy guy He'd surely give me everything I need Sometimes I let temptation go too far and get the best of me All I gotta say is I just wanna have some fun And I'll do it until I'm done I'm telling you

I'm just a crazy kind of girl I'll tell it to the world I've just begun having my fun Inside me there's something I found I wanna shop around I just begun Don't wanna settle down

The conversation was going over 'til I turned my hair He started touching me and kissing me Like he didn't care I thought at first I should go home But then fell asleep in the chair All I gotta say is I just wanna have some fun And I'll do it until I'm done I'm telling you

I'm just a crazy kind of girl I'll tell it to the world I've just begun having my fun Inside me there's something I found I wanna shop around I just begun Don't wanna settle down

I'm just a crazy kind of girl I'll tell it to the world I've just begun having my fun Inside me there's something I found I wanna shop around I just begun Don't wanna settle down

I just wanna have a good time I just wanna be myself And don't let anybody tell you it's any differently I wanna enjoy the sunshine And do the things that I need To see what feels good to me I'm just so crazy

I'm just a crazy kind of girl I'll tell it to the world I've just begun having my fun Inside me there's something I found I wanna shop around I just begun Don't wanna settle down

I just begun

l just begun having my fun l just begun Having my fun, yeah!
