

Britney Spears, Love, Luscious, And Lace

Im all luscious and lace
I am no disgrace
Got a real smooth style
Gonna chill for a while
Im as soft as a pearl
Im a beautiful girl
Im so divine
Feeling sweet and fine
You been flashing me
Why cant you see
Im just like you
Got a life to do
So give me space
Get out of this place
Got problems of my own
Just leave me alone
Got my life on track
Im not turning back
Had a whirlwind love
Gonna rise above
Need the loves of my life
gotta deal with strife
My heart will yearn
Until my loves return
Got all this wealth
Cant express myself
Cant keep me down
Parading all over town
You placed me in a box
with chains and lock
Gonna find the key
To set myself free
I just wont quit
Thats the jest of it
So be on your way
Let me live the day
Go judge your birth
Cause I know my worth
Heart full of love
Greater than a thousand doves
Im all luscious and lace
I am no disgrace
Got a real smooth style
Gonna chill for a while
